

**REMARKS**

This paper is provided in Response to the Communication mailed on September 23, 2004 in which the Examiner indicated that the computer readable form of the sequence listing was unreadable.

In response, Applicants provide herewith a substitute paper copy of the sequence listing and a substitute computer readable form of the sequence listing. The information contained in the computer readable form (floppy disk) was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy previously provided.

Applicants note that the sequence listing contains 119 sequences. The sequence listing has been read successfully off of the provided computer readable media using Checker Ver. 4.2.2.

If a telephone conference would expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (510) 337-7871.
